(1) RAM® Tough-Mag™ Assembly (4) #10-24 x 5/8" Screws (4) #10-24 Nylock Nuts (3) 5/16"-18 x 1" Screws (3) 5/16"-18 Nylock Nuts

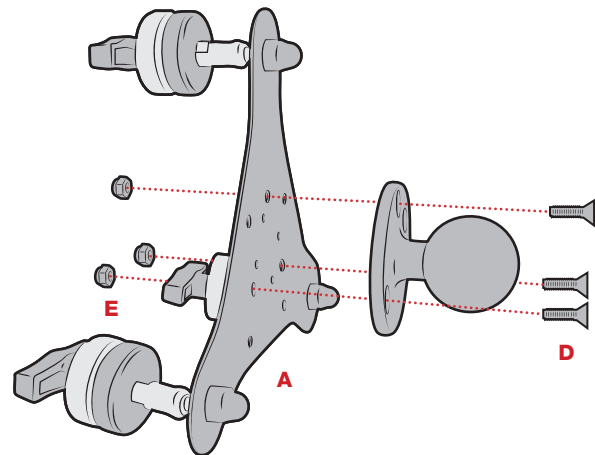

Safety Precaution

Magnets are very strong. Use extreme caution and do not let magnets stick together. Keep spacers between magnets or keep separate while assembling.

1 C-Size 1.5" Ball Assembly

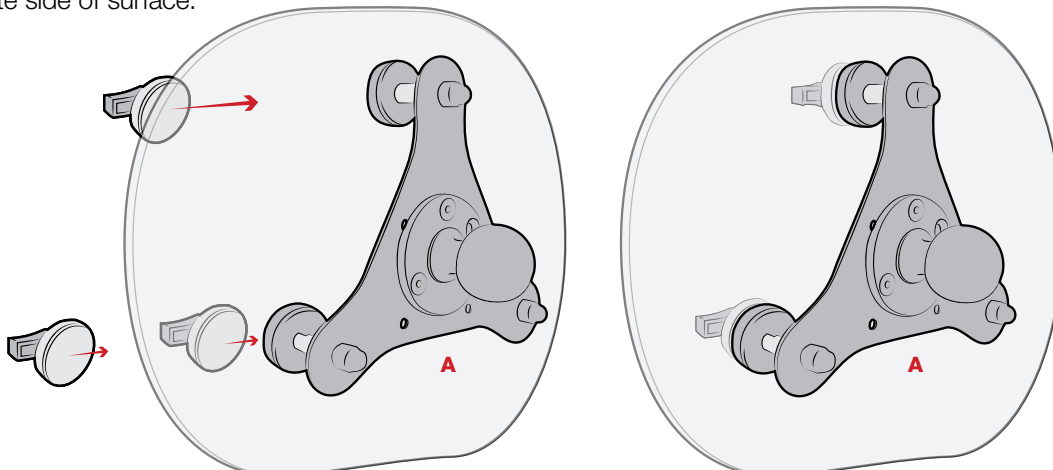

D-Size 2.25" Ball Assembly

2 Magnet Assembly

Carefully separate gray magnets from assembly and keep distant from each other. Position black magnet bases against surface, allowing pivot magnets to conform to curved surface. While in desired position, connect gray magnets to opposite side of surface.
