

Part Index

*not to scale

A

(1) Black Magnet
(open threads)

B

(1) Gray Magnet
(with knob)

C

(1) Threaded Ball Socket

D

(1) 5/16"-18 Nylock Nut

E

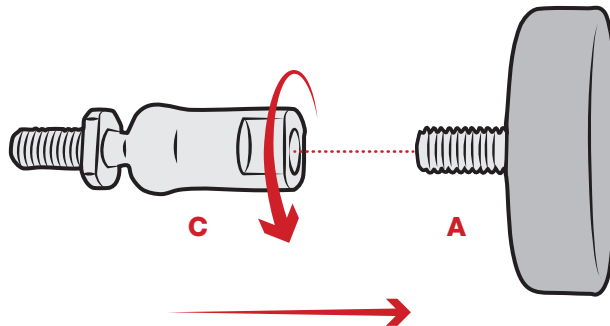

(1) Rubber Cap

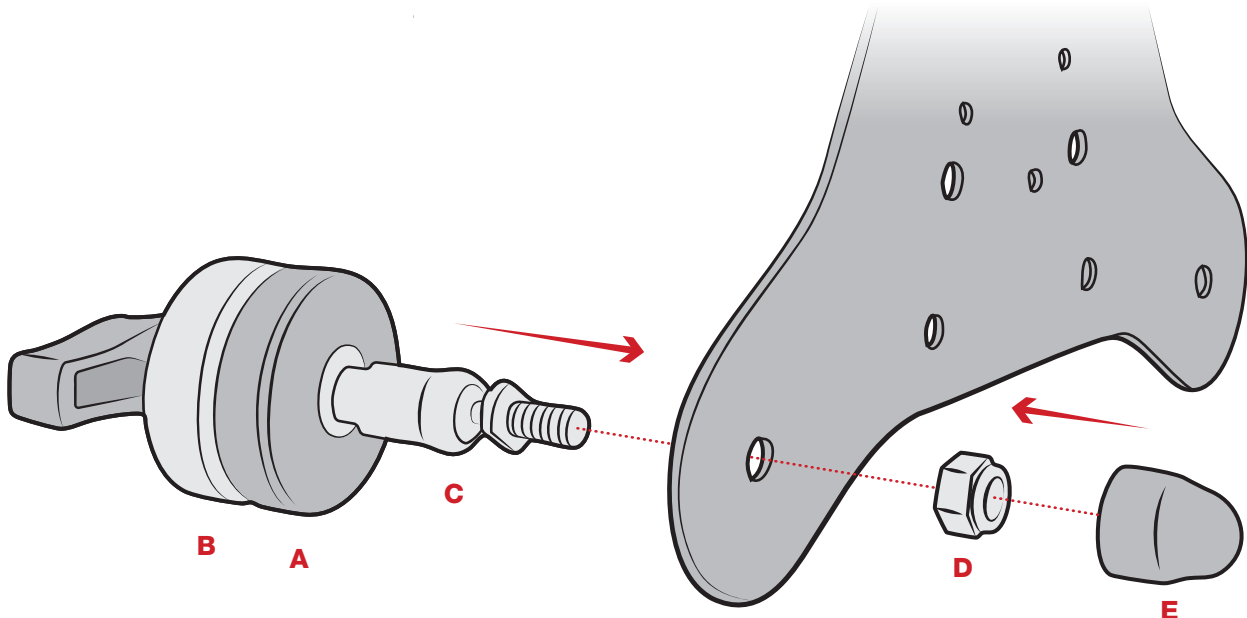

Safety Precaution

Magnets are very strong. Use extreme caution and do not let magnets stick together. Keep spacers between magnets or keep separate while assembling.

- 1 Connect **(C) Threaded Ball Socket** to **(A) Black Magnet** (threadlocker recommended).

- 2 Connect top of **(C) Threaded Ball Socket** to 3-point or 4-point plate using **(D) Nylock Nut** with **(E) Rubber Cap**.
