❹ Wiring Diagram

Connect 3.5 audio jack from the speaker to the included RAP-CAB-USBA-AUD35U cable (I) and connect that to the USB-A port on the cradle (A). Hardwire the loose red (+) and black (-) wires from the speaker to the trucks 12V ignition. For powering the device, connect the included USB cable (G) to the Micro USB end of the cradle (A) and connect that to the included hardwire power supply (H) that will ultimately be hardwired to the tucks 12V ignition.
