*not to scale

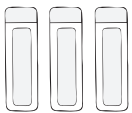

A

Screen Protector

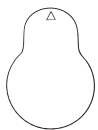

B

Wet Wipe

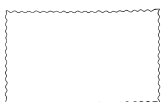

C

(3) Guide Stickers

D

Dust Absorber

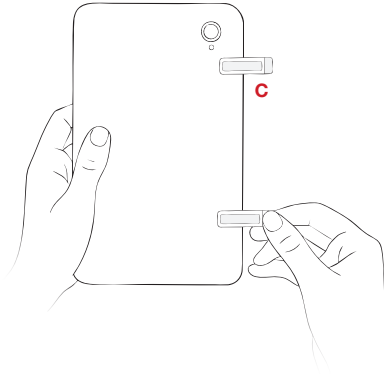

E

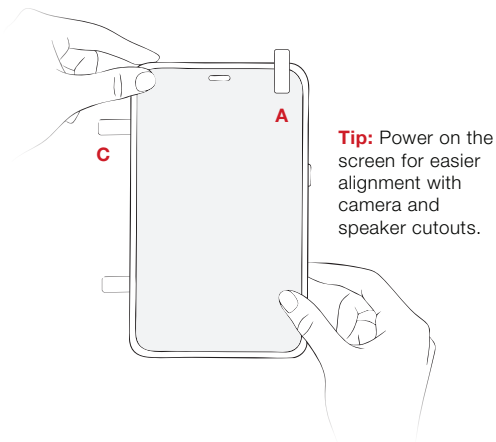

Microfiber Cloth

Read all steps before installing

- 1 Place two **(C) Guide Stickers** on the back of the device as shown below.

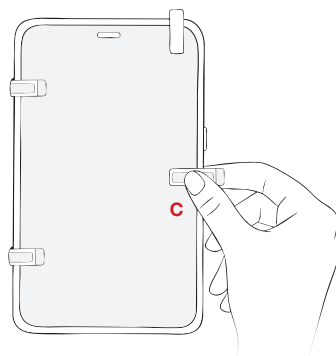

- 2 Place the **(A) Screen Protector** with the sticker face down on the front of the device and align it with the display.

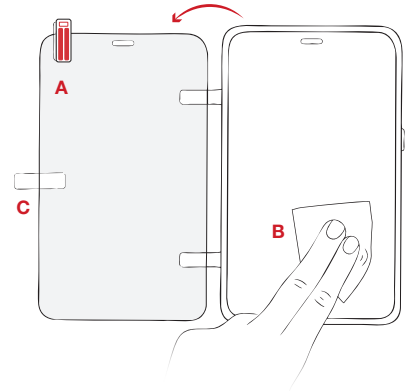

- 3 Once aligned, wrap the two **(C) Guide Stickers** around the device and securely attach them to the **(A) Screen Protector**.

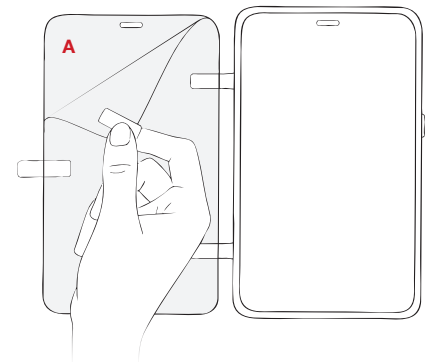

Place the third **(C) Guide Sticker** on top of the glass as shown below.

- 4 Carefully flip the glass away from the device. Clean the display with the **(B) Wet Wipe**, allow it to dry, then use the **(D) Dust Absorber** to ensure a spotless surface.

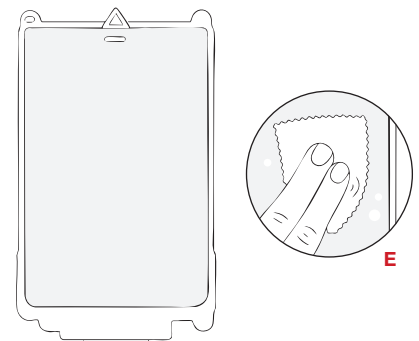

- 5 Peel off the protective film on the **(A) Screen Protector**. Flip the glass back into place on the device's display.

- 6 Remove **(C) Guide Stickers** and utilize the **(E) Microfiber Cloth** to remove any remaining bubbles.

Optional - Insert the device into the case of choice.
