RAM No-Drill™ Seat Bases

RAM Mounting Systems

INSTALLATION INSTRUCTIONS

1. Attach the RAM-VB-SB4 riser with 5/16" carriage bolts, flat washer, lock washers, and nuts.
2. Remove the two front seat bolts that connect the passenger seat to the floor. These may be under plastic caps.
3. Tilt the front of the passenger seat upward to clear the studs and slide the No-Drill™ base under the seat until the slots in the base line up with the seat bolt studs.
4. Lower the seat back down into position.
5. Install the two front seat nuts and fully tighten.
