

GDS® Vehicle Dock for iPad mini 6 with IntelliSkin® Next Gen

The USB Type-C locking vehicle dock for IntelliSkin® Next Generation features GDS® Technology™ for Apple iPad mini 6 and other small tablets to enable high speed charging capabilities on the go. This spring-loaded, quick release dock features a keyed lock that offers a secure fit with easy access to your mounted tablet. A bottom dock cup includes 8 pogo pins and a USB Type-C pigtail. Without the need to remove your IntelliSkin® Next Gen sleeve from the device, efficiently mount the tablet in the vehicle dock to keep your tablet charged and locked in place. This dock is designed to meet the demands of field workers in a variety of applications, including transportation, field sales, logistics, manufacturing, and much more. This dock is available with single or dual USB Type A connections for peripheral devices.

Compatible Devices:

iPad mini 6 with IntelliSkin® Next Gen

RAM-GDS-DOCKL-V10-OMT3CDU RAM-GDS-DOCKL-V10-OMT3CD2U
