

RAM® 6-Port Desktop Charging Dock for Samsung Galaxy XCover Pro

Charge up to 6 Samsung Galaxy XCover Pro devices all at once. This single power cord, low profile, multi-gang charging dock is ideal for keeping your crew's devices charged. Each docking port provides 5V/2A and a combined 60W of total power. If your business requires multiple XCover Pro devices to be charged and ready to go in a moment's notice, look no further. Additional versions of this 6-gang dock are available for charging the XCover Pro with an Otterbox uniVERSE case, or with a GDS® IntelliSkin® protective sleeve.

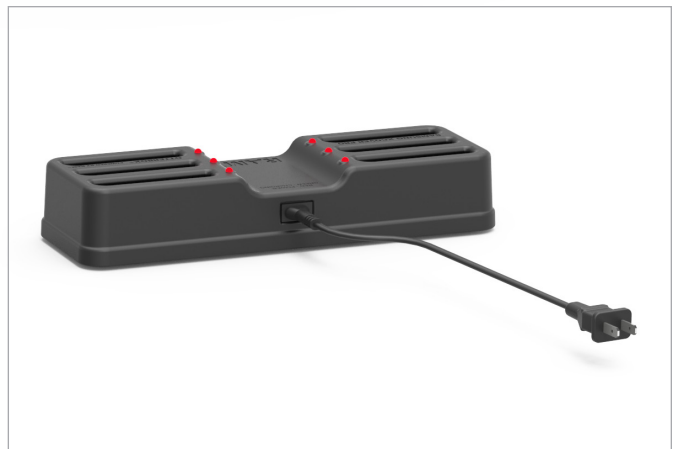

Compatible Devices:
Samsung Galaxy XCover Pro

RAM-DOCK-6G-SAM59PU

Features:

- Charges up to 6 Samsung XCover Pro devices at once
- Plugs directly into standard wall outlet
- Power output to each slot is 5V/2A (60W total)
- Backed by a 3-year warranty
