

IntelliSkin® Next Gen with LED for Samsung Tab A7 Lite 8.7" SM-T220 & SM-T225

The IntelliSkin® Next Gen protective sleeve for the Samsung Galaxy Tab A7 Lite 8.7" (SM-T220 & SM-T225) includes all the great features of the original IntelliSkin® while adding several enhancements. An insert molded redesign of the skin combines a hard plastic shell with soft, shock-absorbing rubber. Ruggedized contacts for repetitive docking in field applications remain on the exterior, but are now flat to collect less dirt and allow for easier cleaning. And an integrated USB Type-C connector at the bottom of the skin allows for device charging even when you don't have a GDS® Dock™ available. Unique to this IntelliSkin® is a cut out to gain access to the audio jack, located on the bottom left side of the IntelliSkin®. This variation also integrates a powerful LED light in the back of the IntelliSkin® with an on/off button on the front. Like the original IntelliSkin®, these sleeves still provide military-grade drop protection and prevent damage to your device's charging port from constant docking with an integrated GDS® connector molded directly into the skin. The IntelliSkin® Next Gen for the Samsung Galaxy Tab A7 Lite 8.7" (SM-T220 & SM-T225) is compatible with a variety of GDS® Docks™ and accessories, as well as new docking cups for upgrading existing GDS® vehicle docks.

Compatible Device:
Samsung Tab A7 Lite 8.7" SM-T220 & SM-T225

RAM-GDS-SKIN-SAM80-NG-LED
