

RAM® No-Drill™ Laptop Mount for 2019 Ford Ranger

This RAM® No-Drill™ laptop stand system for the 2019 Ford Ranger installs using the existing hardware of passenger side seat rails. Dual swing arms provide 12" of articulation, and the stand has an adjustable height of 12" to 18". This kit also includes the spring-loaded RAM® Tough-Tray™ laptop holder—accommodating 10" to 16" wide laptops, and 17" widescreens. The tray features four adjustable retaining arms with rubber grips that can be moved both vertically and horizontally. In addition, hole patterns on the perimeter of the RAM® Tough-Tray™ are compatible with several RAM® mounting solutions.

Compatible Devices:

Laptops 10" to 16" in width
